LAKE SOUNDINGS

Signals from the Commodore

Hello Everyone,

Spring is just around the corner. Dock billing is out now. Please look over your bill and check for discrepancies. There was a mixup on summer storage charges. Those are billed with H/S/L and should not have been included on the dock balance invoice. If you notice any inaccuracies, please either correct and explain or contact us for a revised bill. Thank you for your consideration. Boat information may not be the most current due to the many changes since last year that may not have been officially completed at this time. Please inform Greg about these. I hope to see you all at the cabin party.

Stay tuned for more details on improvements and requests for help as the spring rolls out. We still have that blue jacket left at the banquet. Let us know if it is yours.

Thanks, Steve

Notes from the Vice Commodore

This month we have our **Winter Cabin Party** on **Saturday March 10th 2pm to 8pm @ Newport Yacht Club 694 Seneca Road Irondequoit NY**. It is on the west side of Irondequoit Bay, just north of the Rt. 104 bridge. Please respond to Kathy Fedick -- kathyfedick@gmail.com or text 585-261-3883 by March 7th. This party is always a wonderful way to start off our PYC season.
Fleet Captain work day on April 21st

April –Get ready to Launch our boats on April 28th. Yeah.
Our favorite season is getting closer.

Hope to see everyone at the Cabin Party.

Kathy

From the Secretary

Hello members, this is my first message to you since I was appointed the secretary after several solicitations from the membership for someone to volunteer. Having a full time job, a daughter in college, as well as an active officer in the U.S. Air Force Reserve, I have a very busy schedule, however I will do my best to meet the needs of this position.

The executive committee has been reviewing and upgrading the member database and discovered that some of the information in the member database needs to be updated. Some members have stated that they did not receive a billing invoice in January. I have checked some of these concerns and identified that email addresses were either old or absent from the database. Please take a moment to review your information and let me know if any of it needs to be changed/updated. The most efficient way to communicate is via email so the email address you provide will be the one used for billing, please verify the email you would like me to use for this purpose. Some members did have a valid email address but stated they still did not receive an invoice, I verified that they were in fact emailed, and in those cases please check your spam folders for invoices.

Your membership directory includes the By Laws and Policies of the club and describes the late fees associated with late payments and when they are due, if you haven't received an invoice and the date of the payment is drawing near, please contact me, failing to receive an invoice may not relieve you from late fees. If you don't provide an email address, it will take three times the effort to print, seal, and mail the invoice and consumes toner/ink, paper, and postage, these costs will have to be passed onto the members, please help keep dues low and provide a valid email address.

I am looking forward to Spring, sailing, and serving you...

Paul

From the Engine Room

I am planning to do the annual PYC walk around on March 24th at 11am, weather date on March 25th or TBD. Work days are scheduled for **May 12th and 19th from 8am to 5pm.**

Launch will be on April 28th more information as far as shift assignments to follow in next months issue. We will be launching the floating docks and will need 6-8 volunteers for this job. Let me know if you can help.

Fleet Captain's Report

The schedule for this summer's races will be out soon. Stand by for long distance races on May 28, June 23, June 30, July 7, July 28, and Sept 1, 2018. I see that the lake level is going to be OK for us at PYC. With a tuneup race May 10, our spring series will begin May 17. Many thanks to those that have stepped up to take the different jobs helping me. I'll be looking for a few more race committee boat crew.
