

## Signals from the Commodore

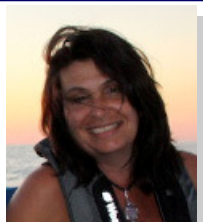

There are two open positions for the 2019 board. We are a club of volunteers and need people to volunteer for board positions. The critical positions for 2019 are Fleet Captain and Secretary. If you are willing, contact Mike McDonald or any member of the board. If you have experience in operating a website, we are looking for a new web master starting in 2019. Contact Paul Canon,

Secretary PYC.

An update on the lease negotiations, the Cornwall Trust has accepted our changes to the lease including lowering by approximately 15% their requested rent increase. A few other items, we now have control of extra dock funds to use at our discretion and have lengthened many of the notification time frames from the previous lease. However, the length of the lease will remain at five years.

Thanks for everyone's help in keeping the club looking good. Wrapping up work on the barn and will be needing volunteers to help with landscaping around it. Contact me if you are available. Enjoy the summer!

Steve

# From the Engine Room

As I write this article I am on my second day of a 3 week cruise, I am currently at BROCKPORT YACHT CLUB. Weather and sailing have been great.

Three work days are completed and the grounds are looking good. We still have a few jobs left to do and we still have 10 people who have to fulfill a work day. Being a working club we are required to fulfill an 8 hour work day in addition to haul and launch days. We still have two dinghys and a sailboard on the dingy rack that still need to be claimed.

Smooth Sailing, Happy Summer  
Don

## Fleet Captain's Report

- July 5th Last Spring Series with Fleet Captain Picnic.
- July 7th Long distance race
- July 13th Sail to GYC and the 14th race with GYC back to PYC with diner after.
- Bring a dish to pass for each picnic.
- July 28th is the Ely moon race with a skipper's meeting at 8 pm.

So far there have been no really really high waves to battle for our racing. That makes it OK for the committee boat. We need a boatswain, a race scorer, and a PHRF rep.

## Kidde Fire Extinguisher Recall

**November 2, 2017** - In conjunction with the U.S. Consumer Product Safety Commission (CPSC), Kidde announced a recall to replace certain Kidde fire extinguishers. The replacement program was initiated because certain fire extinguishers can become clogged or require excessive force to activate, posing a risk of failure to discharge. In addition, the nozzle can detach with enough force to pose an impact hazard. The product recall involves two styles of Kidde disposable fire extinguishers: plastic handle fire extinguishers and plastic push-button fire extinguishers.
